

Fourth Printing

Sincere thanks to Arthur Jackson of ITT Technical Institutes, for pointing out these errors.

Page 170, Line 5	10^{-3} should be 10^3
Page 219, bottom equation	Remove the minus sign before the parentheses
Page 255, Figure 5.27	Switch labels on two transistors so Q_1 is on the left.
Page 256, last equation on page	On first line of Eq. (5.63), the terms in parentheses are reversed.
Page 258, last equation in Example 5.10	I_C in denominator should be I_{C2}
Page 273	In Figure P5.48, resistor should be $5k\Omega$
Page 299, Equation	Constraint should read $v_{DS}=\text{constant}$
Page 339, Eq. (6.71)	R_{DD} in numerator should be V_{DD}
Page 639, Eq. (12.11)	a_n should be added at the left end of the first equation
